

We can help you with the transport of canoes/kayaks.

You can choose to start or end your canoe trip at the Canoe Center in Olofström, you also have the option to start or end at another place in the lake system, as we can offer a canoe transport for an extra cost.

Booking of transport is made before booking the canoe/kayak to the booking office0 tel. +46 (0) 70 318 46 50. To take passengers, a special agreement must be made.

Customers for canoe transport must be on site at the booked time and help the driver with loading and unloading the canoes. If you are not there at the appointed time and we have to get help to load/unload the canoes, you will be charged extra.

In the case of canoe transport, delays must be notified no later than 2 hours before the start/end of the rental period on telephone number 0454-408 10.

If a delay has not been notified, the customer will be charged SEK 400 after each completed half-hour waiting time.

This late fee must be paid directly to the lessor upon arrival.

We have limited opportunities to take people on the transports. The customer may arrange personal transport to/from the start/end point for the canoe/kayak trip.
